

# PEACE OF MIND — AT HOME AND ON THE GO.

With Verizon SureResponse™ personal emergency response service, you and your family can feel confident and secure knowing help is just a call away.

- Personalized emergency service 24 hours a day with the touch of a button.
- SureResponse Care Agents can access your location and personal information by GPS.<sup>1</sup>
- The security of knowing your SureResponse device is always connected to America's most reliable high-speed wireless network.
- Quickly connect with your local emergency responders, loved ones, local businesses and more.
- Customizing your authorized contacts, personal history and location information is simple.

## SureResponse<sup>2</sup>

Contract Term	2 years
Monthly Call Access	\$30 <sup>00</sup>
Monthly Call Allowance	60 minutes
Per-Minute Rate After Allowance	45¢

Calls to the SureResponse Care Center are free and do not count against your monthly allowance. Monthly allowance is decremented by convenience calls; minutes begin once the convenience call is connected to the call recipient and the Care Agent disconnects.

SureResponse docking station charger

### Peace of mind—wherever you go:

The SureResponse device is stylish, compact and water resistant. It is ideal for any lifestyle and any life scenario. It has a display to view time, a built-in speakerphone and up to one week of standby battery life between charges. It's easy to use on the go with the included wrist strap, belt clip, lanyard (for wearing as a pendant), and travel charger.

### SureResponse docking station charger for the home:

The SureResponse System comes with a docking station that charges the device and includes a pre-installed battery backup in case of power failure and a paging feature for devices misplaced in the home.

### Get a customized experience with the SureResponse Online Caregiver Portal:

- Add, remove and update lists of caregivers.
- Authorize caregivers to locate your device.
- Receive alerts about your device.
- Call your device (calls are connected by a SureResponse Care Agent).
- Enter personal information for emergency responders.

**Note:** Using the SureResponse Online Caregiver Portal is not required. SureResponse Care Agents also have this information.
